

## **Leah Petersen. – An Amazing Gift.**

My name is Shirley Warke, I am an animal lover from the UK. Over the past 52 years my life has been full of my animal family of 7 Newfoundlands, 1 Red Setter, 2 Crossbred dogs, my Painted Pony named Penny and my 7 cats.

On losing my two remaining Newfoundland's, Chelsea and Scottish Hero in 2007, I decided to contact a Pet Psychic. I was led directly to Leah by my babies. You see my babies mother was named Leah and their father Peter, maybe a coincidence but one which I could not ignore.

I didn't know what to expect when I phoned her but the feeling of love, understanding and empathy that came over the phone line was incredible. She connected me with my babies as if they were right there in the room beside me (and they were - I could feel them somehow). I had their photos in front of me and the conversation we had was AMAZING to say the least. The first time 6 of my Newfoundland's came through and one that I rescued, called Buffy.

She told me about beautiful BIG hearted Troy, she said he was My Shining Light; on his ashes casket are the words 'Troy – Our Shining Star'. He was the gentlest of souls and she brought that over. Grandma Sophie, Mum Leah and other son Hero affectionately known as Mr Big came through with equally convincing facts about their lives. NOT that I needed convincing, I didn't. Then my special girl Chelsea came through who had just passed over, she was simply a continuation of her mum Princess Leah; similar traits (a bit louder when she talked) but such a loving and priceless companion. Then Sisco wanted to say a few words; he passed over as a puppy and he said he would be grown up when I joined them. I'm looking forward to seeing him.

My second call to Leah brought Scottish Hero back to me who lost his will to live when his sister Chelsea died. He died exactly one month after her. I'd brought him back from Scotland 7 months earlier at the age of 10 years 5 months and because I had already had my own Hero (now in heaven) I began to call him Scotty Hero. The first thing Leah said was that he liked being called Scotty. Amazing! Then she told me about a fire place where Scotty Hero used to lay when he was a puppy. I have a photograph of him in that fireplace.

The reason why I brought Scotty Hero home was because his owner was ill and couldn't do the best for him and Leah brought his past forward with such accuracy. Leah told me how much love he'd received and given in the 7 months he was with us and I am pleased we could do that for him and have him in our family unit so close. We gave him 24/7 love and he gave it right back with kisses.

Then Leah brought Penny, my pony, back into my life for a few precious moments. I'd shared years with my girl Penny and she had helped me come to terms with the loss of my darling Mother. So we were best friends, indeed.

Leah has an AMAZING gift; she truly has special connections with the 'other side' and for ME she will remain my friend FOREVER. Shirley Warke.
